KEEPING SAFE DURING An Emergency

The Caribbean is prone to hazards such as hurricanes, floods, earthquakes and volcanoes. It is important that during any emergency you continue to protect yourself from Covid-19.

How to Stay Protected

WHILE AT THE SHELTER continue to:

✓ Physical distance - stay with members of your household
✓ Wear your mask correctly. It should cover your mouth and nose
✓ Keep your hands sanitized
✓ Practice good respiratory hygiene by coughing and sneezing into a tissue and disposing of it in a garbage bin

Protect yourself and your family!
During an Emergency

Safety is important.

Talk to your child about what he/she can do to remain safe while you are at a shelter.
