

MENTAL HEALTH VOICES FROM AFRICA. EXPERIENCES AND LESSONS LEARNED.

International Conference on Mental Health and Psychosocial Needs
in francophone countries of Sub-Saharan Africa

Online, 14-15 June 2021, 13:45-17:30 (UTC+1)

Do you work in the field of mental health in a francophone country of Sub-Saharan Africa? Be-cause health invites you to discuss and reflect with other people working in the field. For two half days, mental health workers, user associations and health policy makers in Sub-Saharan countries will share their practices and the challenges they face.

Participation is free but registration is obligatory.
